B-HEALTHY

PREVENTION OF COVID-19 AND PROTECTIVE MEASURES FOR OUR BERGWELT

To help you enjoy light-hearted days at our 'bergwelt', your health is our top priority this year. To make this possible, we always adapt our measures to the latest legal regulations.

At the 'bergwelt' it applies the **2G rule:**

- **Vaccinated** – Vaccinations are valid for 9 months, from 1 of February on 6 months valid
- **3 Vaccinations** valid for 9 months
- **Recovered** (6 months)

Children and teenagers

- children up to the age of 11 are exempt from the 2G rules requirement and therefore do not have to show a test result
- for children and teenagers from 12 to 15 years three PCR tests are required per week, if they have not two vaccinations
- From age 16 on and older the **2G rules** apply – double vaccinated or recovered

Hygiene and cleanliness in all areas

- **wearing an FFP2 Mask in all public areas of our hotel**
- hygiene and cleanliness are our quality promise
- disinfection dispensers throughout the hotel
- regular and extensive ventilation phases in all areas
- highly trained employees

Guidelines outside the hotel – wearing a mouth a nose protection (FFP2 mask):

- in all stores
- at the ski pass ticket office, at all access and queuing areas of all ski lifts as well as during the ride
- throughout the mountain gastronomy (this is not necessary on the tables themselves)
- when using toilet facilities
- in the ski buses and at the ski bus stop

General and very important – SELF-RESPONSIBILITY

Dear guests, if everyone takes a little care of themselves and their fellow human beings, nothing will stand in the way of a light-hearted time out.

Cancellation terms

Of course, you can cancel already made bookings in case of a travel warning and a mandatory quarantine 7 days before arrival free of charge! Otherwise, as always, we recommend that you take out travel insurance.
